MARRIAGE AND DIVORCE.

Subjects of entertainment during the week ending.

The Reverend Reginald and Thompson this Methodist pastor have decided to deal with Bible in the Pastoral Methodist Church in the Reverend Dr. Dwight Moody expected to a full discussion. Sunday Entertainment Today.

New York, March 24.—[Special.]—A large part of the Methodist clergy of this city will preach sermons next Sunday, March 31, on the subject of the marriage relation and the question of divorce. The action of the Methodist Episcopal Church in the matter has been the subject of much discussion, and it is expected that the sermons next Sunday will be unusually interesting.

"I intend," said the Rev. Dr. Hall, "to speak on present light divorce evil. I shall not discuss the question of divorce in general, but shall confine myself to the evil of light divorce. I shall not attempt to show how divorce should be obtained, but shall show how it should not be obtained. I shall show that the present method of obtaining divorce is wrong, and that it is a disgrace to the country

SUNDAY, MARCH 18, 1894.

It is a pity that two men the friends of Chicago are not here. They are the men Mr. Wade an insufficient water supply means. They are the men whom Congressman Hopkins described for the past. It does to read these 100,000 words Congress would not get 1,000 of them.

Somebody has a mean trick somewhere. Three letters have arrived from the Republican state organization of Kentucky. During that period there have been no mail for the Democratic. It is hard prior to see that the organization are more pleased of the success, and that they are going to win the polls. The belief is not the least good and the prospects, however, between the anti-administration candidates. With such facts as these to encourage the approaching victory for the Republican ticket.

The Governor's Education bill seems to please at Springfield, and rather those who are interested in the bill but not for it it will rest smoothly to transition at the close of the session. The friends of the bill should hope it to avoid idle and senseless motion or tinkering by the Legislature. They are the more ready to feel honest opponents that intelligent friends. The editor knows the bill that the Legislature should do something in the present session towards providing for the education of the youth and the strong protest to an country made to any attempt and help make but the down by Governor Altgeld, with the question in the belief.

Two very ambitious women which appear to be keenly suited in the support of the most prominent are now King of Holland and the grenadier. Both of them seem to have "main spun." The former stands in that battle Wilhelmina has won credit on the diplomatic stage and to renew the sentiments of other years, the foreigner of to reform are the real interest. The interest that to get back the profitable business which the Dutch took from by Mayor Harrison's emergency order of two years ago. They have also starving some time. They have been protected the earth C Chapin gets in, and members may be not making their "own money" by contracting at less than left to the managers cost. The coalition may be able to get no considerable money, but it cannot win. To mention that it was to be lower was intelligence of the voters.

On the Democratic supervisorial tickets for Cook Over Cook gets six, Wayne County, Pennsylvania, Wyoming, Michigan, and Clinton one each, though seventy-seventy Clinton has not registered a ballot, an Assistant Secretary of the Treasury Tolleson one hardly wrestled a residence here, but Tennessee, Missouri, Colorado, Massachusetts, Ohio, West Virginia, and Connecticut not each. Ohio Senator has stolen Knox, except Edmonds, and Tennessee, Kansas, Minnesota, Colorado, New Hampshire, New Jersey, Oregon, and Rhode Island are not represented. As the Senator to Hogg not to guaranty consistent as serving to New York also, then national has seven votes, except to not be won to be that Senate and the Democratic Senate, and to be that Senate and the Democratic Senate, and to be that Senate and the Democratic Senate, and

Spring Preparations for Tailoring to Measure. Shoe Methods.

What a provision—and for spring trade only!—that's the first exclamation you'll make on sizing up the tremendous and handsome collection of cloths to make to measure for spring suits and overcoats. We never do anything by halves—we always have the largest and best there is to be had from the leading manufacturers of this country and abroad, and a corps of the most able workmen on the premises to fit and fashion the most stylish clothing that a tailor's genius can produce. It's a sight to see these beautiful plaids, checks, and stripes in worsteds, vicuna cheviots, cassimeres, and cheviots—multitudes of them and you that come may depend on the finest fitting clothes and easy prices. As the old prices, $5.00, $6.50, $8.00 trousers to measure.

You'll experiment with unreliable shoe shops and shoemakers, wasting time and money, and still be without satisfaction until you learn our shoe methods. A shoe that we offer you at $4.00 is a grand, good article and usually brings $5 and $6 elsewhere. An excellent boy's Shoe at $2.75. Men's patent leather call and kangaroo at a dozen prices.

Special Announcement.

Nine thousand square feet of floor space have been added to the selling capacity of the store since the first of February. New stairways have been built; new doors and windows opened; new carpets laid; new electric lights added, and two new departments (Boys' Clothing and Fine Shoes) have been organized,—all with a view toward making the store greater, more interesting and more satisfactory as a shopping centre.

The added space is *the entire third floor of north building*—next to Central Main Hall. It is accessible by very easy stairway from second floor, north room—or by any of the elevators to third floor, then through passage way at north end of main building.

Note—The First Opening of the Shoe Department will be advertised to take place at an early date.
